GPAS to OPEL Conversion for the county wide assessment **3**

Indicative number of patient contacts in General Practice this week²: **123,081**

GPAS – COMMENT / ANALYSIS

The county wide assessment this week is **AMBER / OPEL 3** with **71%** of reporting practices assessed as **AMBER**, **9%** reporting as **RED**, **0%** as **BLACK** covering a total patient population of **332,567**. **GREEN** assessments account for **21%**.

In addition to the standard report attached, we have received the following information affecting General practices:

Other comments:

- DNAs still horrendously high.
- Multiple reports of staff sickness and the holiday absences affecting capacity.
- Patient medication requests still high following hospital discharges.
- 1 GP has now left the practice, waiting for replacement to start next week.
- 4 retirements recently from the Practice. So far, unable to replace any of the roles (1 x nurse, 1 x receptionist and 2 x dispensers). This places additional pressure on the existing team.
