Lincolnshire LMC Webinar: GP Collective Action

Join your Lincolnshire LMC webinar on Tuesday 6th August 2024, 1PM where we will:

- Discuss the actions and what they mean.
- Discuss how you could implement them.
- Discuss the communications you may want to share with your staff and patients.
- Discuss how we can support you during the collective action.

As you will be aware, the BMA ballot for GP collective action closes on Monday 29th July.

If you have not already voted, please do so. Have your voice, support the future of your colleagues and your patients.

Successive governments and NHSE have disinvested in and laid blame squarely on the doorstep of general practice while simultaneously increasing our workload, bureaucracy and building a narrative to make our patients blame us for the national NHS pressures.

These government and NHSE actions are grossly unfair, not reflective of the dedication and tireless work each and every member of general practice staff undertakes, and it must end. It must end for the wellbeing of general practice and for the wellbeing of our patients now and in the future.

If the ballot result is the profession votes "YES", GPC England will be asking practices to begin actions.
